# Dahle 40406 Shredder

Office Shredder

The Dahle 40406 Office Shredder supports the document destruction needs of busy offices with 3-5 users. It features precision milled cutting cylinders, SmartPower energy management, and automatic jam protection to eliminate frustration. This P-2 shredder produces a 1/4" particle size and holds up to 30 gallons of shredded waste. It's German engineered and guaranteed to provide many years of trouble free operation.

## JAM PROTECTION

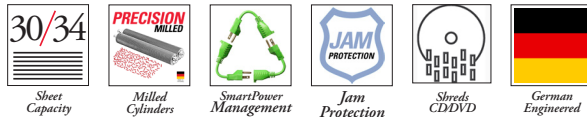

Fewer things are more frustrating than a paper jam. With automatic jam protection, this shredder prevents those annoyances. If sheet capacity is exceeded, the motor automatically stops and reverses to push the paper back out. This prevents a jam and makes it easy to re-feed fewer sheets.

## MILLED CYLINDERS

This shredder features solid cutting cylinders milled from a bar of German Solingen steel. They're perfectly aligned in an all-steel frame and guaranteed for life. The result is a machine with strength, power and the ability to handle all of your data destruction needs.

## SMARTPOWER

This shredder automatically powers down after 30 minutes of inactivity. It will appeal to those interested in conserving energy as well as reducing electrical costs.

## Product Features

### Precision Milled Cutting Cylinders

- Milled from a solid bar of steel for durability
- Ensures a perfectly matched set of cylinders

### SmartPower Energy Management

- Reduces energy cost / saves electricity
- Environmentally friendly

### Automatic Jam Protection

- Reduces paper jams and eliminates frustration
- Prevents shredder down time

### Chain Driven Motor

- Steel chain and gears for slip-free power
- Maximizes sheet capacity and performance

### German Engineered

- Quality build with trouble free operation

### User-Friendly Convenience Features

- Automatic On/Off for quick & easy power up
- Bin Full Auto-Off for bag change notifications

The cutting cylinders are milled from a solid bar of German Solingen steel for strength.

This shredder features a built-in user-friendly opening for CD and DVD destruction.
