Green-Rite® Whiteboard - Deluxe Aluminum Trim

- Green-Rite® is an environmentally responsible, virtually indestructible magnetic porcelain steel dry erase surface that provides superior writability, color contrast with markers.
- Features traditional .88" anodized aluminum trim, full-length tackable map rail with natural cork insert, and a full-length accessory tray with Dura-Safe® end caps.
- Green-Rite® boards incorporate material healthfulness, material reutilization, renewable energy use, water stewardship and social responsibility.
- Green-Rite® products contain between 40% and 55% rapidly renewable materials. They are also durable, and can be easily remanufactured or refurbished with different frame and attachment features to provide a lifetime of stylish use. Aluminum frame and attachment materials are recyclable.
- Class A Fire Rated board. A full test report copy is available upon request.
- Made in the USA. Fifty year limited warranty. TAA compliant. Has achieved GREENGUARD GOLD Certification.
- For interactive projectors with strict flatness requirements, we recommend the Interactive Projector Board or Projection Whiteboard with Polyvision® duo Surface, providing guaranteed results for projectability, erasability and durability.

Shipping weights are listed on a per item basis and may vary based on quantities ordered. All boards listed as 3'H x 4'W actually measure 33.75"H x 48"W due to shipping restrictions.

Green-Rite® Technical Information

- Multipurpose magnetic surface with superior writability and erasability for dry erase markers. Superior contrast and reduced surface light distortion minimizes glare for optimum eye comfort.
- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel. Color Fusion ceramic top coat is applied providing the desired surface color.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet. Also available with upgraded sheet aluminum backer. Custom sizes are available.
