Pencil Sharpeners

Hand Held Series

When creativity strikes your pencil needs to be ready! With many shapes and sizes to choose from, Dahle offers many solutions to insure that you're never scrambling to sharpen your creative instrument. These professional sharpeners will sharpen standard graphite pencils and two models (53485, 53465) will accept oversize colored wax pencils.

Our canister sharpeners have either a single hole for graphite pencils or offer a double hole for oversized artist pencils. Each shavings cup can easily be removed and emptied. Available in white, red or yellow top. These sharpeners are fun to use and are a great item for younger artists.

From our pocket sized wedge sharpeners to our ergonomically correct "Chubby", these sharpeners feature a steel cutting blade that can easily be replaced. "The Chubby", available in blue, red or yellow, is a pocket sized wedge sharpener with a round bottomed shavings cup. This shape allows for a comfortable grip while sharpening in the palm of your hand.

Features

- Screw fastened metal blades are replaceable
- High quality plastic body catches shavings to reduce mess (most models)
- Accepts graphite and colored artist pencils
- Lightweight and portable to take anywhere
- Easy to hold and comfortable to use
- Great for students and younger artists

Wedge and canister sharpeners feature screw fastened blades for easy replacement.

A high impact plastic shell protects if dropped, and keeps pencil shavings from spilling.
