

FORMAX[®]

AutoSeal[®] FD 1500 PRESSURE SEALER

Standard Features

- **Drop-In Feed System:** A drop-in three roller feed system produces dependable feeding of forms with no paper fanning required
- **14" Form Length Capability:** Flexibility to process even and uneven panel forms up to 14" in length
- **Desktop Design:** A sleek desktop design made with office usage in mind
- **LED Indicators:** Notifies an operator when the power is on, a cover is open, the paper runs out and if a fault occurs
- **Fold Types:** Z, uneven Z, C, half folds and custom forms
- **Six-Digit Resettable Counter:** For maximum audit control

Options:

- **18" Conveyor w/ Photo Eye:** Allows for neat and sequential stacking
- **Locking Cabinet:** Fully enclosed for storage
- **402 Series Jogger:** Reduces static electricity and aligns forms for proper feeding
- **FD 1500-35 Reverse Stacking Conveyor:** Allows for A-to-Z input and A-to-Z output.

Shown with optional cabinet

The FD 1500 AutoSeal[®] is *The* low volume folder/sealer solution for processing one-piece pressure sensitive mailers. Built with proven Formax technology, the FD 1500 provides an economical solution with the quality and reliability you have come to expect from Formax. The sleek office design and ease of operation makes this unit ideal for processing documents in an office environment with low volume applications. A processing speed of up to 85 forms per minute enables operators to complete daily jobs with ease. The added capability of processing 14" forms gives the FD 1500 the versatility needed to fold and seal virtually any low volume application to meet your needs.
