SHOOTER-IID

High Speed In-Line Tab Inserter

The **Shooter-IID** is designed to provide fast, accurate tab insertions at high speeds. The tabber can be mounted to your equipment or be free standing for mobility.

The **Shooter-IID** accurately inserts paper tabs into the receding delivery pile of sheeters, presses, paper board machines and paper converting equipment.

The **Shooter-IID** can easily be connected to your equipment by using our universal electronic coupling pick-up or our optional laser sensor.

APPLICATIONS

- In-line batching at high speeds
- Maximize press time and profit
- Stop shortages and overages
- Improve customer satisfaction

STANDARD FEATURES

- Touch Screen interface
- High Speed Tab insertion
- Counting speeds equal to your equipment
- Easily connects to your equipment
- Count erase
- Total and batch counts
- Variable knife cut delay
- Variable tape lengths
